PARTICIPATION in the POSITIVE FUTURE contest

Imaginez
LE TRAVAIL en
2050

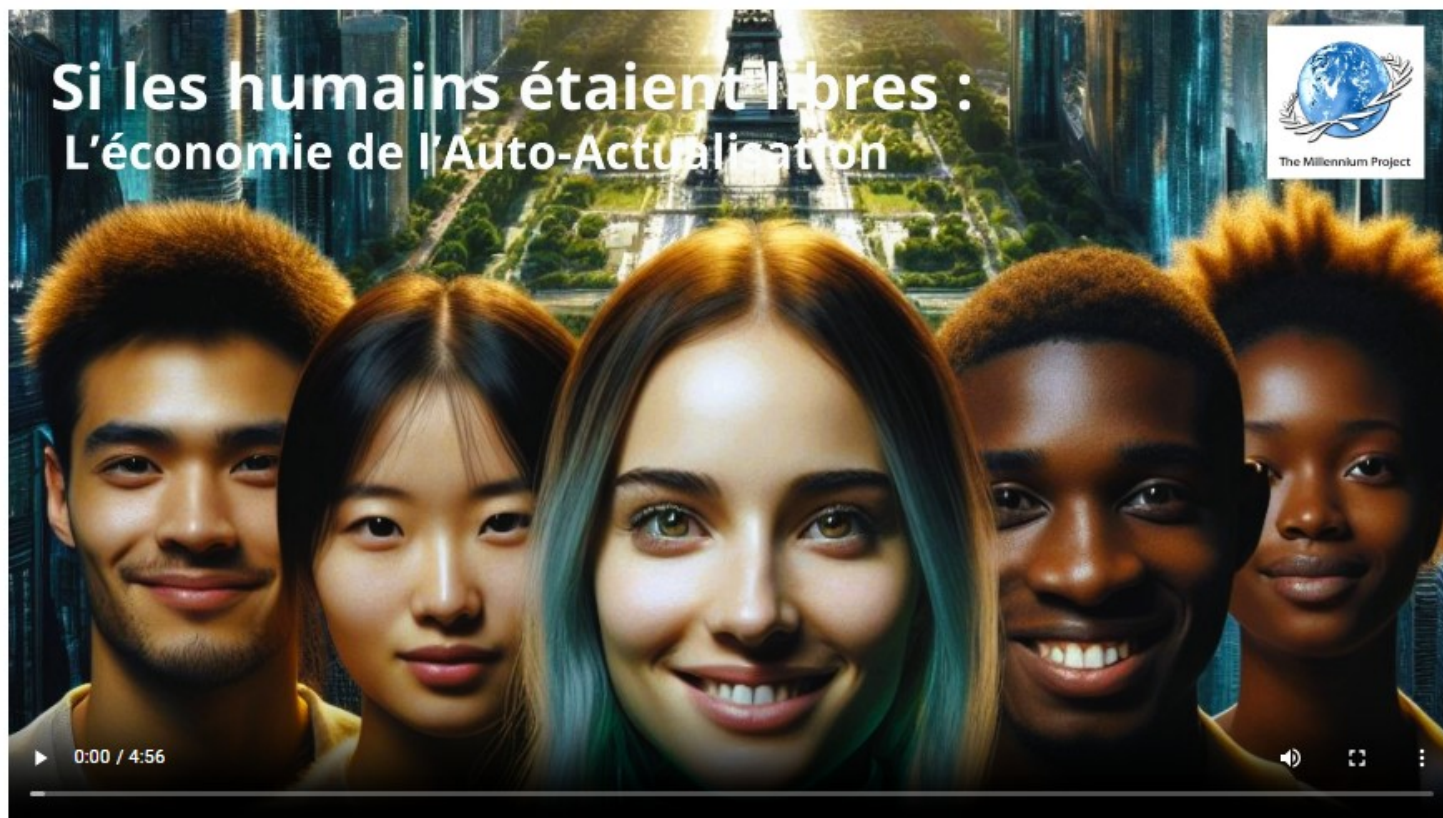

Le travail
de demain,
préparons-le!

ET SI ON IMAGINAIT LE TRAVAIL
EN 2050 ?
RÉSULTATS DU CONCOURS
POSITIVE FUTURE

21 JUIN 2024 - 14H / 15H

WORK & TECHNOLOGY 2050
Scenario 3 : Si les humains étaient libres. L'économie de l'Auto actualisation

Scenario 3: If Humans Were Free –
The Self-Actualization Economy

Governments have anticipated the impacts of general artificial intelligence, conducted extensive research on how to implement universal basic income systems, and promoted self-employment. Artists, media moguls, and entertainment comedians have helped foster the cultural shift from a job-oriented culture to a self-actualization economy.

Scénario 3 : Si les humains étaient libres –
L'économie de l'auto-actualisation.

Les gouvernements ont anticipé les impacts de l'intelligence artificielle générale, mené des recherches approfondies sur la manière de mettre en œuvre des systèmes de revenu de base universel, et encouragé l'auto emploi. Les artistes, magnats des médias et humoristes ont contribué à favoriser le passage culturel d'une culture centrée sur le travail à une économie de l'auto-actualisation.

PRODUCTION of the 15 videos of the MP's Global Challenges

1 CLIMATE CHANGE

How can sustainable development be achieved for all while addressing global climate change?

CLIMATE CHANGE

www.millennium-project.org

2 CLEAN WATER

How can everyone have sufficient clean water without conflict?

CLEAN WATER

www.millennium-project.org

3 POPULATION/RESOURCE

How can population and resource be brought into balance?

POPULATION RESOURCE

www.millennium-project.org

4 DEMOCRATIZATION

How can genuine democracy emerge from authoritarian regimes?

DEMOCRATIZATION

www.millennium-project.org

PRODUCTION of the 15 videos of the MP's Global Challenges

5 GLOBAL FORESIGHT

How can decision-making be enhanced by integrating improved global foresight during unprecedented accelerating change?

GLOBAL FORESIGHT

www.millennium-project.org

6 IA FOR EVERYBODY

How can global information, communications technologies, artificial intelligence, big data, and cloud computing work for everyone?

AI FOR EVERYBODY

www.millennium-project.org

7 RICH POOR GAP

How can ethical market economies be encouraged to reduce the gap between rich and poor?

RICH POOR GAP

www.millennium-project.org

8 HEALTH ISSUES

How can the threat of new and reemerging diseases and immune microorganisms be reduced?

HEALTH ISSUES
